## Vision, Mission

---

- Home/
- Vision, Mission

**Vision** \* All programs of UIU will be accredited by the best accreditation bodies of the world.

**Mission** \* IQAC, UIU assures a continuously improving culture that demonstrates accountability & excellence and satisfies the stakeholders of UIU by establishing a quality assurance (QA) system.

**Objectives** \* The general objective of the IQAC is to promote a quality assurance culture within the university. The specific objectives are to: \* Institutionalize the quality assurance culture in accordance with national QA guidelines and international practices; \* Ensure that the universityâ€™s quality assurance procedures are designed following the QAU guidelines and national requirements; \* Develop, maintain and enhance quality of education and peopleâ€™s perception in favor of the university through consistent quality assurance practice and performance; \* Build image of the university with confidence of the stakeholders ensuring transparency, accountability, and good practices in all aspects of management; and \* Prepare the university to meet the external quality assurance assessment and accreditation requirements.

**Functions** \* In order to achieve the objectives the major functions of the IQAC will be to: \* Facilitate to define the mission and objectives of the university for enhancing the quality and relevance of higher education and respond to global trends on quality education; \* Guide and assist the program offering entities of the university to define program objectives; \* Develop standards and benchmarks for various academic and administrative activities of the university; \* Review existing procedures for further improvement of delivery of higher education; \* Prepare QA documents and procedures for use within the university following specifications and guidelines provided in the IQAC OM; \* Encourage staff to maintain professional code of conduct in accordance with the QAU guidelines and international practices and facilitate to maintain good practices in operations; \* Provide necessary support to the study program offering academic units, i.e., departments, faculties and institutes to conduct the self-assessment, external peer review and implement QA process at program level; \* Conduct regular monitoring of implementation of policies, systems, processes and procedures; \* Facilitate to conduct institutional assessment; \* Facilitate the approval of new program offering entity and new programs for existing entities using appropriate procedures; \* Develop a data base containing information regarding quality assurance, which will be deliverable to all stakeholders; \* Prepare and produce annual institutional quality assurance report (IQAR) and monitoring report assessing the activities of IQAC \* Develop an Institutional QA Strategic Plan for every 5 years and ensure its implementation and monitoring of achievements; \* Co-ordinate all QA related activities within the university; \* Liaise with QAU \* Organize workshops, seminars and appropriate training for capacity building and promoting QA culture at all levels of the university; \* Advise university management, faculty and departments on QA and related matters; \* Take initiative and lead to establish staff development center at the university; \* Prepare the detailed budget of the IQAC; and \* Conduct impromptu audit at any level of the university if necessary.

**Role** \* Support the university in achieving its vision through providing good quality education; \* Function as a central quality assurance unit for the university and review existing standards and procedures; \* Develop new standards, policies and procedures by adapting and incorporating best practices; \* Systematically monitor and evaluate universityâ€™s practices and processes through audit, survey and other instruments as deemed fit to ensure generally acceptable standards of quality;
