To fulfill its mission, UIU applies the following guiding principles:

- Study and students should be the first priority and the primary function of faculty/staff/administration. It should be motivated towards helping the students in succeeding academically and in the transition from university life to productive members of society.
- To hire highly qualified and **nationally and internationally reputed teachers** to teach courses relevant to a continuously changing environment.
- To provide the necessary **infrastructural and logistic support and a campus environment** conducive to teaching and learning endeavors.
- To search out new trends in education in developed countries, identifying the trend and evaluating their adaptability

in Bangladesh- to keep constant updating of the standard of education.

- To establish joint degree and credit transfer programs with renowned universities abroad to facilitate quality education and to make foreign degrees available to the students staying in home country.
- To conduct and support **research** for the advancement of knowledge and **socio-economic** development of the country through application of technology oriented knowledge.
- To contribute to moral and ethical development of the students for creation of a society, which will be free from corruption and enduring and respecting each other for co-existence in peace and harmony in good environment in the society.
- To disseminate knowledge under the coverage of ethical, human and rational approach reflecting national heritage, values and principles of Bangladesh with a view to producing graduates who will be sound professionally and upright morally.
- To create an opportunity to have education, for all groups of people in the country including general people, rural, urban and fresh students as well as **jobholders through on campus, online and distance learning education.**
