## **Bachelor of Science in Economics**

---

The Bachelor of Science (BS) in Economics program, designed by United International University, aims at providing the most contemporary and innovative curriculum in the subject based upon a compelling philosophy of teaching that allows students to cope with the changes in the world of economics. At the end of the program each student is expected to demonstrate their learning through a research project paper or internship report. The main objectives of the BS in Economics program are: a) to understand the general concepts within Economics; b) Apply qualitative and quantitative reasoning skill to analyse both theoretical and real-world problems; c) Critically evaluate real-world economic problem and the impact of public policy; Develop effective written and Oral communication skill; and e) Demonstrate command of research skill and techniques.
