Biography

Nazmus Sakib Pallab is currently working as a lecturer in the Department of Civil Engineering at United International University (UIU). He joined the department on September 1, 2024. He completed his B.Sc. in Civil Engineering (Major: Structural Engineering) from Bangladesh University of Engineering and Technology (BUET), graduating with distinction and ranking among the top 5% of his class. During his undergraduate studies, he was actively involved in research and projects focused on structural resilience, concrete technology, and material durability. Under the guidance of Professor Dr. Tanvir Mazur, his thesis explored concrete durability in saline environments, focusing on predictive modelling for corrosion resistance in reinforced concrete structures. Nazmus Sakibâ€™s technical expertise includes advanced modelling and analysis using software like ETABS, SAP2000, Life-365, and AutoCAD, as well as their applications for civil engineering problems. At UIU, he teaches various courses in civil engineering and supervises laboratory sessions, where he fosters a collaborative learning environment. He is passionate about inspiring students to pursue innovative approaches to solving complex engineering challenges.

Education

- Bangladesh University of Engineering and Technology (BUET) â€™ Bachelor of Science (B.Sc.), Civil Engineering â€™ Emphases: Structure (Major), Transport (Minor)
- Notre Dame College (NDC) â€™ Higher Secondary Certificate (HSC), Science
- Ideal School & College (ISC) â€™ Secondary School Certificate (SSC), Science

Research Interests

â€™ Sustainable Construction â€™ Computational Mechanics â€™ Construction Materials & Management

Experience

- **Lecturer** , Department of Civil Engineering, United International University. (September 01, 2024 to present)

Courses Taken

Mr. Nazmus Sakib Pallab has taught the following courses: \* Fluid Mechanics \* Engineering Hydrology \* Structural
