Study Abroad Program

If you are interested in studying one semester at your desirable university in a foreign country, CIAC, UIU will guide you. If you are willing to do one semester at a foreign university, which is not a partner university of United International University (UIU), you must pay tuition fees of that university in foreign country. If the curriculum and grading policy matches with the requirements of UIU, then your completed credits of one semester will be accepted at UIU. If there is any scholarship opportunity or early bird facility, you may apply by following the guidelines of the university. Few universities provide scholarships for Study Abroad Program in London and Italy. These programs are in London or Italy for 2 – 3 weeks. You may apply for Executive short-term programs, organized by Professor Ricardo Pitelli Britto and held at Pearson College London, in the United Kingdom; and in CUOA Business School, in Italy. In addition to partial scholarships that cover 70% of the programs’ costs, they provide significant student support both before and during trips: background readings, logistical assistance, visa help, and more. Their mission is to encourage cross-cultural cooperation and make international study experience as accessible as possible. Designed to take place during vacations, our three-week programs are held in January and July, the courses include company visits, interviews with executives, lectures, seminars, group presentations and business simulations. You may look into the [Brochure for London](#) and the [Brochure for Italy](#). Interested candidates should contact the program assistant [here](#) and their assistant will contact you with all the necessary

information and the Application Form. Link of Study Abroad at University of Technology Sydney:
