Laboratories and Computing

There are 21 fully functional computer laboratories, each equipped with up to 35-36 Dell PCs with Intel Core-i7 processors, 16GB RAM, and 256GB-512GB SSD disk storage.

In addition to these, there are 5 (five) fully equipped hardware-based IoT and Microprocessor labs with state-of-the-art equipment readily available for teaching-learning and experiments. [Read More](#)

Why Data Science at UIU?

The curriculum has been developed with input from local and international academic and industry experts to meet international and national benchmark requirements. The faculty pool consists of 16 full-time members with PhDs from North America, Europe, Japan, Korea, and Australia, experts in the key areas of data science and the subjects relevant to Industry 4.0.
