- ## Institutional Quality Assurance Cell - IQAC

About IQAC UIU

Quality assurance (QA) in education is the maintenance of desired level of quality standard and practices in education system by means of providing attention to every stage of the different processes in the institution. Nowadays establishment of quality assurance system in higher education is a global concern. There is a growing demand for QA mechanism at national, regional and global levels due to the increasing number of higher education institutions (HEI) and diversity of emerging study programs in tertiary education. In Bangladesh, the scope of higher education is expanding rapidly in both public and private sectors. The government, UGC and the universities consider a rising need to concentrate on the quality and standard of higher education.
