## What student's Say

The best place for developing your Computer skills with very friendly Instructors. I enjoyed a lot during the course. The instructors are Top Rated Freelancers.The instructors are also a good lecturer. Now im a Intermediate Graphic designer & freelancer. I also have a job as a graphic designer.
I will do more courses from their for developing my skill level. This skills will help you lifetime. **Minhazul Islam Tamim** Graphics Designer and Teaching Assistant at Graphic Design Course - CDIP, UIU I believe that CDIP is one of the best center for learning professional skills. The instructors with friendly behavior help students to develop their skills with proper guideline. The teaching method also awesome. I strongly believe that CDIP ensures active student's development. **Muhammad Nazmul Ahsan** Software Engineer - Venturas Ltd. Center for Development of IT Professionals (CDIP) is a wonderful training center. It ensures proper guide line, high configured lab facilities, awesome instructor. I already completed ASP.NET with MVC course from CDIP and now i am working as a software engineer at Redlime Solution. I think ii is the best place for learning professional courses. **Rakib Ahmed** Software Engineer - Redlime Solution I am already completed Laravel course from CDIP and now i am working as Software/Web developer. In my practical experience, CDIP is an effective training center. The management of CDIP is not only concern about student's training, they also concern about student's job opportunities. I am always thankful to CDIP. **Tuhin Khan** Software Engineer - BD Education I am Santunu Das. I accomplished Laravel course from Center for Development of IT Professionals. The instructor was very much helpful and friendly. The management and instructor are always motivate to develop student's skills properly. **Santanu Das** Software Engineer - BD Education CDIP helps me to develop my professional skills and always encourage me. I always thankful to CDIP for enhancing my professional career. **Manik Deb** Web Developer - BD Education Center for Development of IT Professionals (**CDIP**) is the reliable place for professionals training. The infrastructure, materials, teaching methods and both online & offline support are very much impressive. I recommend every one to join CDIP and enhance IT skills. **Suza Ud Doula** Software Engineer - Codemen Solutions Inc. CDIP is very much concern about student's career specially freelancing career. I completed Graphic Design training from CDIP and now i am a freelancer in Fiverr. I am very much pleased about my freelancing career. **Ahmed Asif Rashid** Freelancer - Fiverr Get in Touch!
